Course Management Etiquette and Faster Play

- Pre-plan your next shot, and play it without undue delay.
- Assess your putt when your group arrives on the green.
- Be ready to play immediately after your partner.
- Play when ready, it is not strictly necessary to respect the order of play especially off the green
- Keep practice swings to a minimum.
- Don't fall asleep at the address.
- Walk briskly between shots and green to the next tee.
- Position your bag/trolley at the side of the green ready for the next tee.
- If in doubt as to a potentially lost ball or out-of bounds, play a provisional ball (and declare it to your partner). This saves walking back.
- When appropriate, play your shot then help search for your partner's ball.
- There should never be more than one hole between you and the group ahead of you.
- Respect the 3 minute limit when searching for a lost ball.
- If searching for a lost ball (3 min.) and pressed by the group behind - LET THEM THROUGH immediately.
- Continue your erudite and intellectual conversations whilst walking - not when your partner is about to play.

Happy golf!
